Commencement Speaker and Honorary Degree Recipient

The Honorable Congresswoman Alma S. Adams, Ph.D.

United States House of Representatives, representing 12th Congressional District of North Carolina

Dr. Alma S. Adams was elected to her third term representing the 12th Congressional District of North Carolina on November 6, 2018. After winning a special election in November 2014, Congresswoman Adams was sworn in immediately as the 100th woman elected to the 113th Congress.

Congresswoman Adams serves on the following House Committees: Education and Labor, Financial Services and Agriculture. The Congresswoman is Chair of the Higher Education and Labor Subcommittee on Workforce Protections and is Vice Chair of the Agriculture Committee.

She is a member of the Agriculture Subcommittee on Nutrition and the Financial Services Subcommittee on Diversity and Inclusion. Congresswoman Adams is a former member of the Small Business Committee and the Joint Economic Committee and formerly served in several leadership positions including Assistant Whip for the Democratic Caucus, Vice Ranking Member of the Small Business Committee and ranking member of the Small Business Subcommittee on Investigations, Oversight and Regulation.

Congresswoman Adams is the founder and co-chair of the first Congressional Bi-partisan HBCU Caucus and is part of the Women's Caucus, Diabetes Caucus, Congressional Black Caucus, Progressive Education Caucus, Historic Preservation Caucus, AIDS/HIV Caucus, Hunger Caucus, Medicaid Expansion Caucus, and Arts Caucus.

Throughout her career, Representative Adams has promoted quality education for all students, spearheading legislation to boost funds for Historically Black Colleges and Universities, providing nutritious breakfasts in schools and supporting increased pay for teachers. For 40 years, Dr. Adams taught Art at Bennett College in Greensboro, North Carolina. While at Bennett, she led the effort to increase student civic participation, coining the phrase "Bennett Belles are Voting Belles" and organizing annual marches to the polls.

In 1994, Dr. Adams was appointed by her peers to serve in the North Carolina House District 26 seat. She went on to serve ten terms in the state House. During her tenure, she rose to become the chair of the North Carolina Legislative Black Caucus and was instrumental in passing legislation that improved the climate for quality affordable health care in the state and the first \$3.1 billion University Bond Referendum. Representative Adams also pioneered the Displaced Homemakers Bill and in 2006 successfully spearheaded the state's first minimum wage increase in nine years.

Before serving as a member of the North Carolina General Assembly, Congresswoman Adams served nine years on the Greensboro City Council. Throughout her service to the second district in Greensboro, Dr. Adams worked to create safe and affordable housing and revitalization of neighbors. She began her political career in the 1980s by becoming the first African American woman ever elected to the Greensboro City School Board.

Congresswoman Adams has one daughter, Linda Jeanelle Lindsay, one son, Billy E. Adams II, and four grandchildren, Joslyn Lindsay, Aaron Lindsay, Billy E. Adams III and Miracle Sumner. Adams graduated from North Carolina A&T State University in 1968 and received her master's degree in Art Education in 1972. She earned her Ph.D. in Art Education and Multicultural Education from The Ohio State University in 1981.

Honorary Degree Recipient

The Honorable Congresswoman Lisa Blunt Rochester

United States House of Representatives, representing Delaware's At-Large Congressional District

Congresswoman Lisa Blunt Rochester represents Delaware in the U.S. House of Representatives and serves as an Assistant Whip for House Leadership. As the Energy and Commerce Committee's only former statewide health official, Lisa understands health care from a number of different perspectives. She is focused on reducing the cost of health care and prescription drugs for middle-class families, addressing the disparity in outcomes for communities of color and tackling our nation's opioid and addiction epidemic.

Lisa is a leading voice in Congress on economic and future of work-related issues. As former Secretary of Labor and State Personnel Director, Lisa leverages her professional experience to advocate for legislation that boosts start-up business growth, removes barriers for citizens re-entering society and addresses college affordability and ballooning student debt. She is a Member of the New Democrat Coalition's Future of Work Taskforce and serves as the sole Member of Congress on the Aspen Institute's National Advisory Council for the Future of Work Initiative. She is also the founder of the Congressional Future of Work Caucus.

In the 115th Congress, Lisa was a member of the House Committee on Agriculture – the first Delawarean to serve on the committee in over 120 years. In this role, she helped craft the 2018 Farm Bill, which is a five-year re-authorization that extends U.S. Department of Agriculture programs related to the farm safety net; nutrition programs that feed children, seniors, people with disabilities, and families who rely on the social support programs; land-grant and 1890 universities; and agriculture research.

As a member of the Congressional Progressive Caucus and a proponent of reforming our criminal justice system, Lisa introduced first-in-the-nation legislation, the Clean Slate Act, sealing the federal records of former nonviolent offenders that remain crime-free and have earned a second chance. According to estimates by the Center for American Progress, the passage of the Clean Slate Act could boost the U.S. economy by as much as \$87 billion per year.

Lisa is an advocate for the needs of every community, which informs her work in Washington. She learned of an error in the U.S. Fish and Wildlife Service's coastal mapping unit for the town – preventing homeowners in the South Shore Marina development in North Bethany Beach from taking advantage of the National Flood Insurance Program and FEMA aid in the event of a disaster. Lisa reached across the aisle to work with Democrats and Republicans across the country with similarly affected mapping units and introduced the Strengthening Coastal Communities Act. She worked to help usher this of legislation into law – aiding homeowners and setting aside hundreds of acres for environmental protection.

Lisa graduated from Fairleigh Dickinson University with a degree in International Relations and put herself through graduate school as a working mom – earning a master's degree in Urban Affairs and Public Policy from the University of Delaware.

History of Delaware State University

The Delaware College for Colored Students, now known as Delaware State University, was established May 15, 1891, by the Delaware General Assembly under the provisions of the Morrill Act of 1890 by which land-grant colleges for blacks came into existence in states maintaining separate educational facilities.

Because there was already a private Delaware College (now the University of Delaware) located in Newark, Del., to avoid confusion new state legislation was passed and enacted in early 1893 to change the black school's name to the State College for Colored Students. That would be the institution's name for the next 54 years.

Through the conservative and practical planning of the Board of Trustees appointed by Delaware Gov. Robert J. Reynolds, the College was launched upon its mission of education and public service on February 2, 1892. Five courses of study leading to a baccalaureate degree were offered: Agricultural, Chemical, Classical, Engineering and Scientific. A Preparatory Department was established in 1893 for students who were not qualified to pursue a major course of study upon entrance. A three-year normal course leading to a teacher's certificate was initiated in 1897. The College graduated its first class of degree candidates in May 1898. The normal course of study (teacher education) was extended to four years in 1911 and the Bachelor of Pedagogy degree was awarded to students upon satisfactory completion of the curriculum.

In the 1916-1917 school year, the Preparatory Department was phased out, a Model School was established, and a high school diploma was granted on completion of a four-year course of study. In 1923, a Junior College Division was added. Four-year curricula in the Arts and Sciences, Elementary Education, Home Economics, Agriculture and Industrial Arts were established in 1932. The College graduated its first class of four-year, baccalaureate degree candidates in June 1934.

In 1944, the College received provisional accreditation by the Middle States Commission on Higher Education (MSCHE). In 1947, the name of the institution was changed to Delaware State College by legislative action. At the end of the 1951-52 school year, the High School Division was discontinued. In April 1957, the College was accredited by the Middle States Commission on Higher Education. The Middle States Commission on Higher Education in 1962, 1972, 1982, 1987, 1992, 1997, 2002 and 2012 reaffirmed this accreditation. Concurrently, the University achieved and maintained accreditation of its teacher education programs by the Delaware State Board of Education.

On July 1, 1993, Delaware State College turned another chapter in its history when Governor Thomas Carper signed a name change into law, thus renaming the College to Delaware State University. Since 1957, the University has grown in stature as a center for teaching, research and public service. The purpose of the University has broadened in keeping with changing times.

While recognizing its heritage, the University is among the premier Historically Black Colleges and Universities (HBCU) in the country, while serving a diverse student population. Undergraduate studies are organized into four colleges that contain a total of 18 academic departments, which offer 42 bachelor's degrees, 16 master's degrees and five doctoral degrees.

Accreditations include the Accreditation Commission for Education in Nursing, the Council on Social Work Education, the Accreditation Commission for Programs in Hospitality Administration, the Council for the Accreditation of Educator Preparation and the Accreditation Council for Education in Nutrition and Dietetics (candidate status). The University's College of Business is an accredited member of AACSB International —The Association to Advance Collegiate Schools of Business.

University Bible, Medallion, Mace, Academic Heraldry

The University Bible

The University Bible was presented to Delaware State College by the Class of 1942. It is located in the Office of the President.

Chain of Office (The Medallion)

The concept of the medallion began in the biblical days as a symbol of authority. During the Middle Ages, the medallion signified membership in the religious orders and guilds and, later, in the elite order of knighthood or government office. It is customary today for medallions to be made for chancellors and presidents of universities to wear at commencement and other academic events that require regalia. The University Medallion symbolizes the authority that the Board of Trustees entrusts to the president of Delaware State University.

The University Mace

The mace, borne by the grand marshal, is a traditional symbol of authority which dates back to the Middle Ages. The use of ceremonial maces by education institutions began in the 17th century when Cambridge and Oxford universities in England adopted the mace as an emblem to be carried in ceremonial occasions. In keeping with the tradition of many colleges and universities in the United States that began using ceremonial maces in the 20th century, Delaware State University adopted the mace in 1963 as an emblem of authority to be used at especially significant university affairs. The Delaware State University mace was designed and constructed in 1963 by the late John McCollough, assistant professor of art education at the institution. At today's Commencement, the entry of the grand marshal bearing the ceremonial mace signifies the beginning of the ceremony.

Academic Heraldry

A time-honored tradition of great dignity, the wearing of academic apparel is a survival of the ecclesiastical garb of the late Middle Ages — in turn, a survival of still earlier civilian fashions. The academic gown, necessary for a scholar's warmth, and the hood to protect his tonsured head were apparently first regularly adopted in the 13th century at the University of Cambridge (1294).

Grand Marshal

Dr. Mable Renee Morrison

Associate Professor of Music | Pianist, Soprano, Recital Collaborator September 2019 will mark 57 years of her dedicated service at Delaware State University

Dr. Mable Morrison serves as this year's Grand Marshal for Delaware State University's Commencement ceremonies. The entry of the Grand Marshal bearing the ceremonial mace signifies the arrival of the academic procession and the beginning of the ceremony.

An Associate Professor of music, Dr. Morrison has been a highly respected faculty member at Delaware State University since 1962.

Dr. Morrison is the daughter of the late Dr. Viola Morrison and the late Rev. Evans, and a native of New Orleans, LA. She is an alumna of Xavier University in Louisiana, DePaul University in Chicago, IL and Fontainebleau Fine Arts and Music School in France.

Dr. Morrison has received several overseas grants during her career, including an intercultural grant for performances in Sierra Leone and Liberia, West Africa, a grant for studies at L'Academie Internationale D'Été in Nice, France, and a visiting lectureship at the University of Liberia in Monrovia, Liberia. She has performed piano/vocal recitals and has served as a recital collaborator in the United States, Italy, West Africa and France.

Dr. Morrison was the featured artist at the 1970 Convention of the National Association of Negro Musicians and one of four nominated for "Outstanding Woman of the Year" by the W. Russell Johnson Music Guild of Philadelphia in 2003.

During her tenure at Delaware State University,
Dr. Morrison has served as Chairperson on numerous
committees, including the President's Distinguished Lecture and
Performance Series; the Beatrice Henry and John McCullough
Annual Arts Festival; and the Great Performers Series, which
presented renowned artists Andre Watts, Charles Treger, Ray
Charles and Dizzy Gillespie, among others.

A faculty member for nearly 57 years, many of the students who have studied under her tutelage have participated in the UNICEF Play for Peace Performathon overseen by internationally known virtuoso pianist Lang and have gone on to become outstanding performers and music educators. This would include former student Charles R. Thompson '73, who visited her 50-year celebration (standing room only) reception a few years ago.

Grand Marshal Dr. Mable R. Morrison carrying the University mace

She was a University Honorary Doctor of Humane Letters recipient in May 2012, a University Diamond Extravaganza honoree and 2011 and 2012 Homecoming Parade Grand Marshal. Recently, she was honored at the 2018 Margaret Oliver First Lady's Hats and Gloves Tea and by the Alpha Kappa Alpha Sorority, Inc.

Dr. Morrison is held in high esteem by all who know her and her quiet, yet firm, dignified approach to lifelong learning. She walks the campus every day with enthusiasm for teaching.

Thy children greet Thee
Greet Thee with loyalty, love, strength and truth
Here in Thine ancient halls
O'er Thy plains so verdant

From the broad world without
Come Thy sons and daughters
Bearing our laurels to lay at Thy shrine
E'er shall we heed Thy call
Ne'er shall we fail Thee
Love Alma Mater, God Bless Thee and Thine
