HBCU Philanthropy Symposium: More than just a conference...

The HBCU Philanthropy Symposium is more than just a conference...It's more than just the informative sessions that will help you to expand and enhance development initiatives for your HBCU. It's a place to network with people who share the unique challenges and opportunities you face in supporting an HBCU. Beyond the sessions, you'll have plenty of opportunities to engage with your peers during the Opening Reception on Tuesday night, over the tasty meals during the day and at other engaging activities. **You have just four more days to register. Register Now!**

Registration closes Monday, July 15th! [Register Now!](#)
